

CURRICULUM VITAE

PROFILE

Information Technology professional with hands-on experience in modern web development and database administration. Skilled in MERN stack (MongoDB, Express, React, Node.js) development with foundational knowledge in Linux systems and multiple database platforms (MySQL, PostgreSQL). Strong problem-solving abilities and proven experience in API testing and system support, ready to contribute to a dynamic IT team.

BIO-DATA

NAME: AKANDINDA ARNOLD

NATIONALITY: UGANDAN

SEX: MALE

DATE OF BIRTH: 20th OCT, 2000

CONTACT: 0744047802

EMAIL: arnoldakandinda@gmail.com

OBJECTIVES

I aim to grow as a database administrator by leveraging my experience with MongoDB and MySQL while expanding my knowledge of Linux systems, focusing on database optimization, security, and infrastructure management.

EDUCATIONAL BACKGROUND

Period	Institution	Award
2020 – 2023	ISBAT University Kampala	Bachelors of Science in Applied Information technology
2020	ISBAT University Kampala	Higher Education certificate
2018-2019	Mbarara High School	Uganda Advanced Certificate of Education
2014-2017	Ntare School	Uganda Certificate of Education
2012-2013	Standard Junior Nursery and Primary School, Zzana	Primary Leaving Examination

EXPERIENCE

1. Database Admin Assistant with National Identification And Registration Authority: 01/07/2024- up-to-date.

Participated in data migration and archiving processes to ensure data integrity and availability. Supported system and database performance monitoring, including data usage and space management, and contributed to backup and recovery operations.

Helped create and manage database reports, visualizations, and dashboards to provide actionable insights using Metabase.

Performed additional duties as assigned by the Manager of Information Systems.

Developed database migration scripts using Node.js.

2. Census Enumerator with Uganda Bureau of Statistics 10/05/2024- 19/05/2024

Visited assigned neighborhoods and knocked on doors to encourage participation in the Census. Interviewed residents in assigned areas to explain the purpose of the Census, ask questions, and record answers.

Met with supervisor to review procedures, report issues or concerns, and receive instructions.

3. ICT Teacher with Valley Spur International School: 12/01/2024- 05/02/2024

- Planning student lessons based on IT knowledge and understanding of curriculum guidelines.
- Monitor student Progress through administrating assignments, quizzes, and tests.
- Performing regular hardware and software updates on classroom IT devices.

4. Intern with Uganda Revenue Authority (URA): 01/08/2023-31/08/2023

During the internship period at URA, I gained practical experience in the following areas

- API testing and development
- Conducting user Acceptance Tests
- Client support especially EFRIS clients
- IT back and front-end systems support

SKILLS

Technical Skills:

- Databases: MySQL, MongoDB, PostgreSQL (queries, backup/recovery, basic administration)
- Linux: System operations including file management, permissions, package management
- Development: MERN Stack (MongoDB, Express, React, Node.js), JavaScript, HTML/CSS
- Testing: API testing with Postman, SoapUI
- Version control with Git and Github.

Soft Skills:

- Communication,
- Problem-solving,
- Teamwork,
- Time management.

LANGUAGE FLUENCY

Language	Written	Reading	Understanding
English	Excellent	Excellent	Excellent
Runyankole	Good	Excellent	Excellent
Rukiga	Beginner	Good	Good
Luganda	Beginner	Excellent	Excellent
